

the transitions™ vibe

Welcome to the **February 2022** edition of the *Transitions Vibe*—a monthly briefing filled with Transitions updates, industry news, and information for those who trust Transitions to provide hospice and palliative care services for their patients and residents.

It's about living.

February 2022 Spotlight - Transitions CNA's

For this month's Spotlight, we sat down with **Lourdes Cepero** (Chicagoland, IL), **Samantha Burgess** (Central, IL), and **Tammy Cheney** (Central, IL).

We chat about their experiences as CNA's, what makes them love coming to work with Transitions every day, rewarding moments, current challenges during the pandemic, goals for 2022, and what it's like being a part of the Transitions family.

"I have a saying that it takes a special person to work in end of life care. Well, here at Transitions Care, we are special people." -Lourdes Cepero

What Does Care Mean to You?

Each week, we'll be asking this question to members of the Transitions team - highlighting our dedication to the patients and families we serve and celebrating our continued commitment to high quality care. Watch some of our Transitions family describe what care means to each of them:

At Transitions, our team provides a holistic treatment approach to address both medical and psychosocial needs, including symptom management, counseling and community service support. [Learn more](#) or [submit a referral](#) today.

Transitions News and Events

February is Black History Month

In honor and celebration of **Black History Month**, we recognize some of the African American men and women who were trailblazers in the history of healthcare.

We at Transitions pride ourselves on maintaining a diverse and inclusive workplace, for both staff and patients. And we stand behind the wise words of **Dr. Martin Luther King Jr** - "The time is always right to do the right thing."
